Dear Professor Ashutosh Dutta,

I learned about you from IEEE ComSoc Distinguished Lecturer programme page.

We are building (nearly completed) an SDN laboratory and plan to run a related workshop in February 2017. It would be an honor if you could come and give a talk at the workshop. We could also organize a DL tour for key locations in South Africa (e.g. Johannesburg and Cape Town).

Please advise on your availability/unavailability and possibility of such a visit.

Thank you for your kind consideration.

Best regards
Albert
