Dear Andrzej Jajszczyk,

Compliments of the Season and best wishes for 2018 to you and IEEE ComSoc team!

I am following up on the email I sent earlier regarding the possibility of a ComSoc DL Tour by Prof Ashutosh Dutta to South Africa in March 2018 - please see below (with the application attached).

The application is supported by the local Chapter Chair Prof Malekian. Furthermore, as the application shows, we got several sponsorship to cover part of the costs in the Tour. I hope this assist a positive decision.

Thank you for your time and positive consideration.

I look forward to your reply.

Best regards

Albert
